In addition to this form, we ask that you send all radiographs, ultrasound, CT and MRI images (even if they have no significant findings) with the client, and we will return them to your office. You may also email digital copies at the email addresses listed above. Please fax or email all *original* lab reports to the office, as well as all records directly relating to this medical condition. The fax number is listed under each practice above. Please call the specialist if there is any immediate information you need to relay about this case.
